Arvaloo is active in the production and trade of hemp and CBD products. We develop and manufacture our products in Germany with our experienced team of experts from the pharmaceutical and agriculture industry.

Besides our headquarter and our production in Germany, we also have facilities and offices in Switzerland. We grow our own organic hemp at both locations, and work with strong partners from Austria, Italia and the USA.

We have sub-companies in every sector of the industry. Thus, we can implement your projects, and offer custom services and products tailored to your needs. We go the extra mile and understand ourselves as your "trusted advisor" in this young industry.

Our goal is to incooperate all parts of the supply chain in the cannabis space. Arvaloo is shaping the European cannabis market!
