Full service in food and feed

Neupert Ingredients GmbH is one of the most reputable suppliers in Germany for high-quality natural raw materials and food ingredients from all over the world. As a family-owned company based in the Hamburg area, we cover the **entire supply chain**: from global sourcing of raw materials, import and supply to the European food industry, to filling for e-commerce or food retail.

Our **broad product range** includes binding and thickening agents, psyllium products, natural sugar substitutes, vegetable proteins and flours, oilseeds and pseudocereals, antioxidants, acidity regulators, emulsifiers, baking ingredients and a wide selection of superfoods. A significant number of these are available in **certified organic quality**.

Major customers from the food and feed industry benefit from our decades of experience in raw material trading with extensive **product know-how**, a strictly defined **supplier management**, **quality assurance of all supply processes** and our **worldwide network** of direct contacts to producers with the highest quality standards.

Considerable **product management**, experience with long term contracts and a high degree of **flexibility** characterize us. We keep a constant eye on the international market, so that we can competently advise our customers on price developments and purchasing decisions.

We also supply end consumers and online retailers through our e-commerce division „**Golden Peanut**“ with retail products of our brands **Golden Peanut®**, **SweetMe®**, **Hier&Dort®**, **Golden Naturals®** and **Nur Bio®**. Our in-house packing facility is approved by the Food Control Authority and operates according to the highest hygiene standards. Due to its excellent brand management, „Golden Peanut“ has already received the **German Brand Award** in the category Fast Moving Consumer Goods several times.

With Neupert Ingredients you have a strong partner at your side to grow sustainably together.
