CONTRACT MANUFACTURER

VITAMINS, MINERALS AND HERBALS

We are a contract manufacturer and offer the whole range from the first idea to the finished product, whether as capsule, tablet or powder.

With many years of experience, qualified staff, modern and certified production processes as well as careful controls make sure that each product is made to the highest possible quality standard. Especially in case of realisation of new ideas, product development and product introduction we are a competent, flexible and reliable partner.

During the phase of product development we cooperate with independent state proofed food chemists. You get the extensive consulting service in questions about food law.
