# OUR STORY

---

## THE LARGEST FACILITY IN TURKIYE

SEKAPARK Medicinal Aromatic Plant Production and Tourism Isletmeciligi Yatirim A.S. in national and international markets. medicine, cosmetics, chemistry, aromatherapy, food, complementary medicine and products with high added value for similar industries marketing and sales, as well as social, sustainable and agricultural development was established.

## SEED AND SEEDLE SUPPORT

As of March 2020, we started collecting requests. We signed contracts with our farmers. We continue our Farmer Cooperation project by receiving new applications every year.

## EDUCATIONAL SUPPORT

Kocaeli Metropolitan Municipality and Sekapark A.Ş. have provided training on the production, quality and efficiency of plants, their protection and processing, as we give.

## AGRICULTURAL TOOL SUPPORT

We also support our farmers in purchasing the vehicles required for plowing the fields. We aim to contribute at least 28 million liras to the Kandira economy in 5 years.

## PRODUCT PURCHASE WARRANTY

Kocaeli Metropolitan Municipality SEKAPARK A.Ş. We are planting products to our farmers with the guarantee of purchase. We buy the products he planted.

# OUR FACILITIES

---

## DISTILLATION FACILITY

It was established as Türkiye's largest Medicinal and Aromatic Plant Production and Processing Facility on 42 acres of area Başiskele District of Kocaeli Province. Our Medicinal and Aromatic Plant Distillation Facility covers a 21,381 m<sup>2</sup> total area. Essential oils are extracted through the water vapour method. There is the Sieve system, Drying cabins, Open drying area, Distillation boilers, Cold-press area, Hydrosol tanks, Steam boiler and Cooling systems in our facility area. It is aimed to use the high-value-added products obtained in the distillation facility as raw materials in the food, cosmetics, and health sectors. Our facility also operates as a Farmer training centre well as an R&D and trial production of Medicinal and Aromatic plant varieties.

## OUR SUPERCRITICAL FLUID EXTRACTION FACILITY

Our facility is on the Scientific and Technological Research Council of Türkiye (TÜBİTAK) campus in Gebze, Kocaeli. As Sekapark A.Ş. affiliated with Kocaeli Metropolitan Municipality, we produce healthy and high-quality extracts through high technology and supercritical fluid extraction method in cooperation with TÜBİTAK Marmara Research Centre. It is aimed to use high-value-added products as raw materials in the food, cosmetics, and health sectors in our Supercritical Fluid Extraction facility.
