DEDICATED TO COMPREHENSIVE CUSTOMER SERVICE

During the 30 years of experience in distributing health ingredients, customer service was, is and will remain of key importance. We offer our customers a comprehensive service including, amongst other things, the identification of innovative ingredients, procurement, distribution, technical knowledge and a focus on market trends.

EXPERIENCE. EXPERTISE. EXCELLENCE.

Our three-step service approach

1

Customers first

- Fast sourcing support
- Value-added consultation
- Comprehensive & individual service

2

Focus on ingredients

- Products matching customers' specifications
- Consistent product quality
- Fast & reliable order processing

3

Storage made easy

- Tailored storage solutions
- Temperature-controlled warehouses
- Over 100 ingredients within 48 hours

THREE FUNDAMENTAL PRINCIPLES OF OUR QUALITY MANAGEMENT

Approved manufacturers

Precise verification process of manufacturers consisting of document review, specification check, sample inspection and classification rating system

Regular audits

Internal and external auditing (on-site and remote) to guarantee quality assurance

Risk-based approach

Testing health ingredients with a risk-based approach and upon customer request

COMMITTED TO SUPERIOR QUALITY

Our focus on quality is a fundamental element of our company and guides our daily decision making. Our top priority is to ensure the highest quality of health ingredients and to meet and exceed all customer needs. We conduct internal and external quality management measures at each step of our supply chain to consistently secure high quality standards.

OUR CERTIFICATIONS

Denk Ingredients is registered as an importer and distributor of APIs in the EUDRA database and complies with the Good Distribution Practice (GDP).

GLOBAL PARTNERS. GLOBAL BRAND POWER.

Due to our long-standing and trustful cooperations with our worldwide partners, we are able to offer both a diverse portfolio of high quality ingredients and exclusive branded ingredients.

HIGHEST COMMON STANDARDS.

We carefully select our partners based on:

- Innovation & trends
- Evidence & scientific data
- Quality & reliability
- Patented ingredients & strong brands
