**Co-Packing &
Private Label
solutions**

Your Co-Packing Partner

Our services for you:

- ✓ Product development
- ✓ Raw-material procurement
- ✓ Quality assurance
- ✓ Mixing & filling
- ✓ Customizing
- ✓ Packing
- ✓ Logistics

Use our know-how to effectively and reliably **realize your wishes.**

Your way to the future!

Our new building, furnished with various filling and packaging machines of the latest generation in 2020, sets completely new standards in terms of quality and efficiency. We currently mix and fill food of diverse forms on **6 production lines.**

Various bag packages are packed fully automatically in cartons or trays with slip lids.

Our **location** directly at the Autobahn 1 near Bremen also offers you a logistical advantage.

All-in-One solutions

As your competent specialist in filling food into differently shaped bags, we support you in every respect: From product launch to utilization at full capacity, from start-up to multinational corporation in the food industry.

Offering a **wide range of services,** we manufacture according to your orders **professionally and reliably.**

Private Label experts

Would you like to strengthen your brand with **new ideas?** Then we look forward to trustworthy cooperation!

Benefit from our **extensive experience** in developing and implementing private-label products. Thanks to close relationships with **highly capable producers of raw materials,** we are able to offer our customers specialties of the best quality.

Multiple solutions

Mixing and filling of powders, seeds and granular foods is our business.

Also possible here are **bags of various shapes,** whether furnished with modern barrier layers or made of ecologically sustainable materials, as well as **safe handling of allergen-free raw materials** via insulated filling systems. Filling volumes equivalent to weights between 80 g and 1 kg are standardized. Other grammages and packaging shapes are possible on request.

Flowpacks / pillow bags

Doypacks / stand-up pouches

Block bottom pouches

Edge seal- / vacuum bags
